As I sit down to write what will be my last Yearbook Message, I have to reflect that this has been a very interesting year for me. It has been a year of transition where I have worked closely with Mr. Horan who will take over as Principal and also with the Board of Governors. I do thank the Board for giving us this year so that the transition can be as seamless as possible. I also thank all the students and parents of the school for what

has been, for me, twenty seven years of support and immense pleasure.

It has been a year of “lasts” – the last time I give this speech, attend that ceremony, appoint those student leaders etc. etc. However that would be a sad way of looking at life; instead I like to think of the year as the path to a new chapter, both for the school and for me personally. I am not in any doubt that Mr Horan will lead the school to even greater heights and achievements and I look forward to hearing all the WA news as the years progress.

For me next year will be the start of my life in Europe, mostly in our home in France but also travelling around Europe, which is the part of the world we have least travelled and explored. In September when I am sure I will be having back to school pangs, I will be exploring Annecy which is described as the Venice of France. After that – who knows – and that is, I guess, the freedom that retirement brings. Hopefully that freedom and time might ensure my French improves!

I wish all the students, staff, parents and members of the Board of Governors all happiness and success in the future and I congratulate Mr. Totten, Mrs. Hodgkins and the Yearbook committee for yet another amazing record of the past year.

Enjoy the 2016 Yearbook and I hope you will treasure the memories - as I know I will

 **A.F. SMITH**

Life's short. Love your work.

This year in Primary we have worked to maintain and increase the breadth in our curriculum and the variety of experiences outside of the planned curriculum that we offer. You will find many pictures in the year book that illustrate our commitment to whole child education.

As well as a year focused on building on what we already do, it was also a year of many firsts. The world around us is changing so much and so quickly it is vital that education evolves with it. One of the biggest challenges we are facing is that we are

educating children for a future we cannot necessarily predict and for jobs that do not yet exist. This was highlighted for me as I watched our pupils at the Remotely Operated Vehicle competition. Standing on the sidelines I had a conversation with a parent during which we discussed the fact that her son had wanted to become a pilot but after researching ROVs had realised that there were jobs out there for ROV operators. This was now something he was interested in doing. So our role as a school is to continually evaluate what we offer and how we provide the vital skills children need now and the skills they may need in the future. We cannot afford to stand still.

One of the main 'firsts' for Primary this year was the introduction of the Reception year programme. In September we were able to welcome thirty two 3 year olds into the Warwick Academy family, and they are well represented in this, their first, year book. This new programme, heavily focused on learning through play and 'hands on' experiences, has had wonderful results. We are excited to watch and see how this cohort of children progress through the school and eventually graduate in 2029. This year we also introduced more leadership opportunities for our older primary students. This was the first year for our Student Council of Y5 and Y6 representatives. It has been a learning curve for them but over the last year they have been able to influence improvements to playtimes and to uniform. They were also involved in running a fundraiser for Hope Academy, and the Teddy Bear Picnic theme for our Warwick Academy National Salute Day was their idea. Student voice is going to continue to be a focus as we move forward and next year we will welcome Y4 representatives to our student council.

These were just a few of our firsts in 2015-16 and I challenge you as you look through your year book to see if you can identify any others. Enjoy the experience!

Primary Leadership

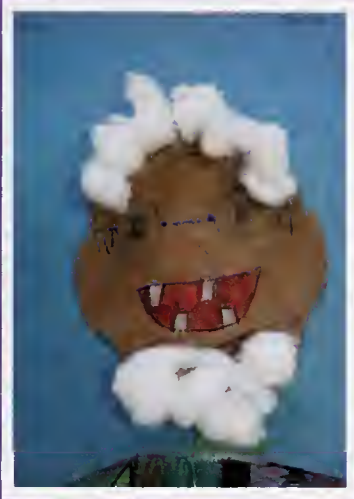

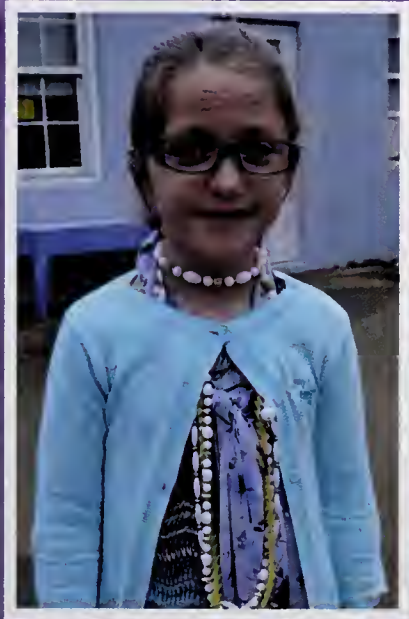

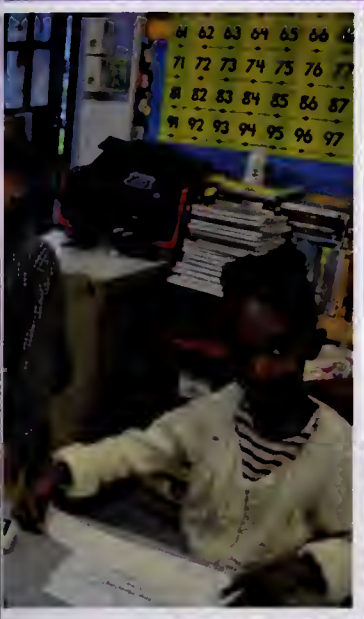

In the first year of our Primary Student Council, we feel we exceeded expectations. Lots of things were accomplished and will be changed for next year. First, we ran a survey with students to find out which games primary they wanted painted on the tarmac. Then we solved concerns the students had about lining up at the end of playtime. We also persuaded the Primary Management Team to set aside time for girls to play football at lunch times and convinced them to make adjustments to the uniform for the Y5 students. We impacted the community by raising money for Hope Academy through a charity hot dog sale. The money will be spent on educational toys and books for the children. Next year, we hope to see new water fountains in the Primary Quad and carry out surveys on lunches. There is still lots to do!

Secondary

We celebrate another year in the legacy of this wonderful school; so rich in history and tradition. Once again many memories were made within its classrooms, out on its sports fields, on field trips, on overseas tours, on the stage, at a music concert and in so many other ways.

We are constantly trying to build a better school with students at the very heart of what we do; we are constantly growing our legacy. However, what is a legacy? It is about learning from the past, living in the present, and building for the future.

Where do you think it's best to plant a young tree: a clearing in an old-growth forest or an open field? Ecologists tell us that a young tree grows better when it's planted in an area with older trees. The reason, it seems, is that the roots of the young tree are able to follow the pathways created by former trees and implant themselves more deeply. Over time, the roots of many trees may actually graft themselves to one another, creating an intricate, interdependent foundation hidden under the ground. In this way, stronger trees share resources with weaker ones so that the whole forest becomes healthier. That's legacy: an interconnection across time, with a need for those who have come before us and a responsibility to those who come after us. A school is the same and builds the same legacy.

The graduating class of 2016 leave us having added to this legacy. Their leadership has guided the school through many exciting events and initiatives this year. We saw the introduction of the Valedictory Service where the school bid farewell to the graduates on their last day of school with them leaving the building by crossing the Old Quad; an area of the school students do not normally access. In addition they gave the first graduating class gift to the school; a clock to be positioned in the PPMH bearing their class name. The hope is that other classes will follow and do the same so that when they return as alumni they have something to be proud of and remember the legacy.

This yearbook is something to treasure and records the legacy of the academic year 2015-16. You all have a place in it and have all added to its legacy.

I challenge next year's graduating class to take the responsibility they have been given and build onto our legacy. To do this they will need the support of the entire school and you are a part of that.

To those leaving Warwick Academy, I bid you farewell and all the very best with the next stage of your lives. I hope that you will leave the school with fond memories and friendships that will last a lifetime. Please do stay in touch. We will follow you progress with interest and look forward to hearing from you.

Dear Readers,

Wow – another academic year has flashed before our eyes and what a busy year it has been! I am writing this from my temporary office due to the huge renovation project currently happening at Barber Hall. Prior to the building work commencing, Barber Hall was an incredibly lively building that housed all of the Year 12 and Year 13 students, and what a loud building it was! There was never a dull (or peaceful) moment and each day there would be some form of laughter echoing around the building, usually at my

expense. Our Sixth Form students have been very patient and understanding regarding our relocation from our base and our Year 12's must be excited, as am I, to begin the 2016-2017 academic year in the newly improved Sixth Form block. As for the Year 13 students, the graduating class of 2016, they must come back to visit and have a tour.

Our Year 12 students have adjusted well to the daily routines of Sixth Form life and appear to be enjoying the challenges thrown at them from their subjects. They have tackled challenges head on and have a strong sense of team spirit. I have enjoyed getting to know them and look forward to helping them apply to universities when they are in Year 13 - a very exciting time for them!

The Year 13 students can now finally relax as they have finished their final exams and can start to enjoy what must seem like a never-ending summer. The Class of 2016 are a well-rounded group of individuals who have been extremely busy, balancing their extra-curricular activities and volunteering with their school workload. I do not know how they found the time to socialise with their hectic schedules, but believe me they did! I wish them every success for their future beyond Warwick Academy and look forward to hearing about their gap years and experiences at university.

As usual my thanks go to all staff at Warwick Academy who have helped and supported our Sixth Form students. We are very lucky to have such caring and dedicated staff who push our Sixth Form students to reach their full potential. I would like to extend special thanks and future wishes to Adela Ruberry (IB Coordinator) who is leaving Warwick Academy at the end of this academic year – we will miss you! Sarah Taylor (Guidance Counselor) and our team of Sixth Form Homeroom Tutors also need to be thanked for ensuring our students are successful.

I wish you all a relaxing and enjoyable summer break.

Helen Scott
Head of Sixth Form

Favourite Quotation:

"Everyone is a genius. But if you judge a fish on its ability to climb a tree, it will live its whole life believing it is stupid." - Albert Einstein

Future Ambitions:

Have a scientific breakthrough that will help those in need.

Commitment & Values.

The KPMG Scholarship

KPMG is a leading provider of Audit, Tax and Advisory services in Bermuda. Our vision is to be the leaders in the markets and communities we serve.

We aim to be number one in reputation and the employer of choice, creating fulfilling career opportunities for young Bermudians both here in Bermuda and internationally.

The KPMG Scholarship is awarded annually by the Managing Directors of KPMG in Bermuda to a Bermudian student pursuing a career as a Chartered Professional Accountant - C.P.A. (Canada) or Certified Public Accountant - C.P.A. (U.S.). The scholarship provides financial assistance for undergraduates and postgraduates. The KPMG Scholarship has a value of BD\$20,000 per annum and is renewable for a total of three years, providing the student meets all of the required conditions. All scholarship candidates are assessed on academic achievement, personality, leadership and community involvement by the KPMG Scholarship Committee.

You'll come to
our graduation,
right?
- Class of 2017

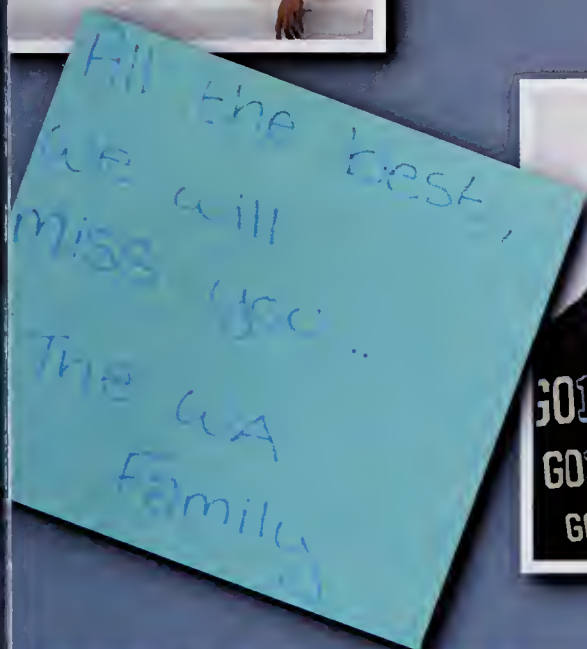

Dear Mrs. McCorkell,

Although we are sad to see you go, we know after your 27 dedicated years to Warwick Academy, you need a break. You have definitely earned your well-deserved retirement, contributing above and beyond to Warwick Academy, for which we are extremely grateful. Warwick Academy would not be the place it is today without your leadership. You weren't just a Principal, you were, and always will be, a member of the Warwick Academy family. You have fulfilled many roles throughout your time at our school: librarian; teacher of Humanities and English; Head of Sixth Form (when the IB programme was first introduced); as well as an honorary member of the Class of 2016.

We thank you for your commitment and support of all members of the Warwick Academy family: students, staff, parents, alumni and our Board members.

We are sad to lose you and will miss you. We hope you keep in touch and wish you a relaxing retirement in France. Enjoy the cheese, red wine, gardening and travel.

Bon voyage et au revoir

CORRIDOR PASS
